UMBRELLAS AND PARASOLS.

GEORGETOWN AND ITS AFFAIRS.

Few towns are biessed with a greater number of flourishing Sabbath Schools, according to its size, than ours. I commence to-day to give a condensed report from each, (as they come to hand,) showing when and under whom they were organized, the number of teachers and scholars in each, the number of volumes in each library, together with some interesting facts connected with them, and hints at their usefulness. The male school in Christ Church was GEORGETOWS, October 8-12 m. ness. The male school in Christ Church was organized in 1820, under the ministry of Rev. Charles P. McIlvain, now Bishop of Ohio. Here the male and female departments have always been separate, and under separate governments. Some of the teachers (who have just left) were continually engaged for a period of a quarter of a century, without any intermission; among them Mr. William G. Ridgely, and some now in the school ten years. The superintendent, Mr. A. Hyde, has been in the school twenty years, five as teacher and fifteen as superintendent. A number of scholars from this school are now in the ministry of the Episcopal and other churches. There is a missionary society connected with it, which was formed by an individual class in 1838, and extended to the whole school in 1840. One cent a week is required by the constitution, and \$600 have been thus gathered together, and appropriated to different points of missionary effort. Owing to their having no regular minister for some time, their number has become small. The present number of teachers is seven, besides the superintendent and librarian. Scholars in actual connexion forty-three.

The Methodist school was formed in 1822, under the ministry of the Rev. Beverly Waugh, now Bishop, of the Baltimore Conference. From this school, also, there has gone out a number of zealous ministers of the Gospel; it s now under the management of the Rev. John Lanahan, superintendent, and John Dickson, assistant, in the male department; and Mrs. Brown, superintendent, in the female department. It is in a flourishing condition, there being 26 classes, with 226 scholars, and 500 volumes in the library. There is connected with this school, also, a cent missionary society, and about \$30 per annum are collected for different missions.

Officer John Adams arrested, this morning, Samuel Robinson, William Robinson, and Thos. Fowler, under the vagrant act, and took them before Justice H. Reaver, who committed them all to the work-house for thirty days.

At the meeting of the Building Association last night, the company was large and the bidding spirited. About \$1,600 sold at premiums ranging from 35@37 cents. Several shares of stock sold at 7@9 per cent. advance.

The flour market remains firm at yesterday's prices, \$3.811@\$3.871. There was a sale yesterday of 1,600 bushels prime wheat to the Lock Mills at 79 cents, and one of 1,000 bush. vellow corn to the Columbia Mills at 58 cents. The Baltimore Presbytory will meet in the Bridge street church, on the 14th inst.; some

forty to fifty ministers are expected to be present. Arrivals .- Schr. George Henry, Smith, Vienna, to Pickrell & Dickson; brig Mary Parker, Chase, Wilmington, N. C., to Wheatley & Walker; schr. M. J. Fardy, Hooper, Salisbury, to Jos. Libbey & Son.

TILL ANOTHER of our most talented and highly respectable citizens speaks for Hampton's VEGETABLE TINCTURE:

BALTIMORE, July 18, 1851.

Messre. Mortimer & Moubray:—Gentlemen: My daughter having been afflicted for more than a year with the spinal disease, and having tried every remedy that was prescribed by some of our best physicians, without affording her any apparent relief, I fortunately was advised by a friend to try a bottle of 'Dr. Hampton's Vegetable Tincture," which relieved her of her pain in less than twenty-four hours. I am pleased to say that since she took it she has been free from pain, and she is gradually gaining strength, which I attribute entirely to the restorative properties of this medicine. I believe if it were more extensively used, it would do more good in the removal of such diseases incident to the human family than what is usually prescribed.

BLACKWOOD'S MAGAZINE.

AND THE BRITISH QUARTERLY REVUEWS. BRITISH QUARTERLY REVI's WS.

OWING to the late revolutions and co'anter-revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

The London Quarterly Review,

THE LONDON QUARTERLY REVIEW. THE EDINBURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW, and
BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest crder. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful coples of the originals—Blackwood's Magazine being an exact fac simile of the Edinburgh edition.

Amherst College, Dec. 25, 1848.

Mr. Robert Sears—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HITCHCOCK.

This well known and extensive establishment invites Merchants, Manufacturers, and Bankers, to an investigation of its system, and gratuitous test of its records of the standing and responsibility of traders in the U. States.

Our increased patronage has enabled us, during the past year, to open offices in Cincinnati, Louisville, St. Louis, and New Orleans; these, in connection with our long established offices in Boston, New York, and Baltimore, enable us to offer facilities and advantages which time and experience alone could accumulate, and which we believe are unequalled.

We are prepared to make collections in any of the States, Territories, Canada, England, Ireland, Scotland, France, Germany, and in any commercial port of the world, and will pay particular attention to old and doubtful debts, in the collection of which class we have extraordinary facilities, and have been unusually successful.

Having full lists and reports of bearly all the Attorneys in the United States, we are at all times prepared to furnish you, gratuitously, the names of good and responsible lawyers in any part of the United States and Canadas.

Connected with our Agency is a Commissioner for nearly all the States, who is enabled to afford every facility and legal form for preparing accounts, &c., for immediate use, thereby avoiding a delay often fatal to the collection of a debt.

We beg to announce to the public that we have entered into connexion with the heaviest transportation house on the Isthmus, who are bound to us to transport our goods from Chagres to Panama, in advance of all other expresses, and having made arrangements with the U. S. Mail and all other steamers on the Pacific, for the carriage of our goods, we are prepared to guarantee their delivery in San Francisco within a specified time.

In addition to the superior qualities of the line, for the transaction of Merchandise, its manifest advantages over the U. S. Mail and all other competitors, in the transportation of letters and parcels between the Pacific and Atlantic States, are well k nown and already generally appreciated by the public. The value of a mercantile letter, delivered by us three or four days in advance of all other competition, being properly estimated.

We have also established agencies in GUAYAQUIL, CALLAO, and VALPARAISO, for which ports, and other cities on the South American coast, we are prepared to receive LETTERS and PARCELS, which will be promptly despatched to their destination by our agent in Panama.
